

STATAM International Law Office provides its clients legal consultation in all legal fields, specializing chiefly in private law. We are able to provide complete solutions to complex matters giving our evaluation to all nuances and problems that have arisen.

STATAM International Law Office represents its customers in all instances of the judicial system in civil and administrative disputes, arbitral tribunal proceedings, compulsory execution proceedings and all state mediation committees.

We assist you in developing the entire strategy for court proceedings and compiling all of the related documents for the proceedings starting from the inquiry until the proceedings are concluded.

We serve as a conciliator with the aim of extrajudicial settlements and represent our clients in extrajudicial negotiations.

We serve our clients in Estonian, Russian, English and Finnish.

STATAM International Law Office offers a full range of legal services providing counselling and other legal services in all fields of law.
